ARTICLE 5

COMMITTEES OF THE COORDINATING COMMITTEE

5.1 Additional Committees. The Coordinating Committee may designate either new standing

Verde River Basin Partnership

committees or temporary committees to advise it or to carry out designated elements of the Partnership's work under its oversight. There are currently two designated standing committees: the Technical Advisory Group and the Communications Committee.

5.2 Technical Advisory Group (TAG). The TAG's fundamental task is to provide unbiased technical and scientific guidance for those who will be responsible for water-management decisions affecting the Verde River Basin. A substantial part of the TAG's work is to develop scopes of work and funding plans for research by governmental agencies, university research groups, or others that might include paid consultants with appropriate capabilities to help fulfill the requirements of Title II. Scopes of Work and funding requests originating from the TAG will require approval from the Coordinating Committee. The TAG will serve as liaison between such agencies and the Partnership, providing information and review as the work proceeds.

5.2 a. Technical Advisory Group Meetings. The TAG will meet as needed to carry out its business in support of the Partnership. Meetings may be called by the Chair or in his absence by the Vice Chair, or by any two (2) members of the TAG.

5.2.b. Notice. Meetings must be preceded by at least forty-eight (48) hours written notice to each Coordinating Committee Member if personally delivered or if given by electronic mail, or seventy-two (72) hours notice if given by mail or private carrier. Written notice shall be deemed given at the earlier of the time it is received or at the time it is deposited with postage prepaid in the United States mail or delivered to the private carrier. Notice may be given by electronic mail; provided, however, TAG Members who cannot receive notices electronically shall receive notice via mail or personal delivery. Notice may be waived in writing by any TAG member.

5.2 c. Technical Advisory Group Membership. Members of the TAG must have the necessary tools by virtue of training and/or experience to provide critical support in one or more of the following areas of interest: (1) hydrology; (2) habitat; (3) land use, population, and economics; and (4) climate. The TAG itself is best suited to judge the qualifications of nominees for TAG membership. Accordingly, the TAG will perform initial screening of potential new TAG members with the criterion that any potential member has the technical or scientific capability appropriate to the scope of the Partnership's reporting objectives under Title II. Recommendations for qualified nominees based on a vote of the TAG (see 6.1e) will then be referred to the Coordinating Committee for approval.

5.2 d. Technical Advisory Group Quorum. Fifty percent or more of the TAG Members, either personally present or attending the meeting via conference call shall constitute a quorum for the transaction of business at any meeting of the TAG.

5.2 e. Technical Advisory Group Voting. Inasmuch as the TAG is solely a scientific and technical body, it is expected that a general consensus should be achieved on its decisions. Accordingly, a $\frac{2}{3}$ vote of those present either personally or telephonically and voting is required to pass a voting issue.

5.2 f. Technical Advisory Group Officers. The TAG will annually elect a Chair and Vice Chair. Meetings of the TAG will be conducted by the Chair, and the Chair will represent the TAG on the Partnership Coordinating Committee. The Vice Chair substitutes in these functions for the Chair when the Chair is unavailable.

5.2 g. Technical Advisory Group Removal of Members. A Member's resignation from the TAG must be in writing and is effective when received by the Chair. A TAG Member may be removed from the TAG following three (3) successive absences from TAG meetings unexcused by the Chair. A TAG

Verde River Basin Partnership

Member may be recommended for removal from the TAG for any reason by a vote of the TAG (see 5.2 e). The recommendation will then be referred to the Coordinating Committee for approval. The Coordinating Committee may, without TAG recommendation or action, recommend that a TAG member be removed by a majority vote of the voting members of the partnership.

5.3 Communications Committee. Develops effective methods for communication within the Partnership and between the Partnership and elected officials, the general public and the media. The Committee maintains the Partnership's website and content at www.vrpartnership.com. The Communications Committee elects a Chair and Vice-chair annually. The Chair reports to the Coordinating Committee and the Partnership at Quarterly Meetings. In the absence of the Chair, the Vice Chair will make such reports as necessary to the Coordinating Committee and the Partnership.

5.4 Similar Procedures. Additional new standing committees or temporary committees will adopt procedures similar to those used by the existing standing committees.

ARTICLE 6 **CONTRACTS, CHECKS, DEPOSITS AND FUNDS**

6.1 Contracts. The Coordinating Committee may authorize any officer or officers, agent or agents of the Partnership in addition to the officers so authorized by these Bylaws, to enter into any contract or execute and deliver any instrument in the name of and on behalf of the Partnership, and such authority may be general or confined to specific instances.

6.2 Checks, Drafts, Etc. 6.5 Books and Accounts. The Partnership will keep or cause to be kept correct and complete books and records of account and also keep minutes of the proceedings of the Coordinating Committee and its committees, and the meetings of the Members. In addition, the Partnership will cause to be filed the necessary reports, tax returns or other documents as may be required by law on its own behalf.
